

# COLOUR

Draw a picture or write a message of positivity to brighten your neighbour's day!

Let's COLOUR our city! The Coronavirus pandemic shouldn't stop us from having fun and making the world more beautiful through art. There are a number of different chalk art activities you can create at home.

## STEPS:

1. Choose a fun design to draw or think of a positive message you want to share.
2. Set up your chalk and start drawing your creation.

*Tip: Wet the tip of your chalk and it will move along the pavement more smoothly.*

Take a picture and share your artwork with us by using the hashtag #ArtatHomeGP on Facebook or Instagram  
**HAPPY CREATING!**

## Materials:

- Chalk
- Painters tape (stained glass)
